Dear Representatives Waters and McHenry:

As we approach Labor Day, we wanted to take the opportunity to reflect on the collaborative and collective achievement of Direct Deposit, which is how 93 percent of American workers get their money like clockwork every payday.

Direct Deposit through the ACH Network provides a uniquely reliable way for employees to get paid. Whether they use a big bank, community bank or credit union, American workers have the peace of mind that they will have access to their money on payday morning, without trips to the bank or check cashing store. With a 95 percent satisfaction rate, Direct Deposit is a payments success story we all worked together as an industry to accomplish.

Sincerely,

Nacha
